

OEM 24V CD/MP3 Player with MW/FM-RDS

CD24RMP

Display e Design

- Rotary volume control
- Alphanumeric ambra LCD display
- Ambra button illumination
- Black front panel

Audio Features

- 4 preset equalizer
- Treble & Bass control
- Loudness control
- Maximum power output 45wx4
- Continuous power output 25wx4 (10%THD)

CD Player

- CD / CR-R / CD-RW play back
- MP3 compatible
- Mechanical and electronic antishock
- ESP antishock CD >10s MP3>40s
- Frequency response 20Hz+20KHz
- Signal to noise ratio > 80dB

Radio tuner

- RDS / PTY tuner (FM-MW)
- 30 station memory
- Preset scan
- Automatic and manual search

FM section

- Frequency range 87,5+108MHz
- Usable sensivity 8dBµV
- Frequency response 30Hz+15KHz
- Signal to noise ratio > 55dB

MW section

- Frequency range 522+1620KHz
- Usable sensivity 30dBµV (s/n 20dB)

General Features

- Directly DC 24V supply (without external reducer)
- BU and Acc 24V supply
- PWM high performance supply
- Standard 1 din mounting braket
- Special power and speaker connector (See separate documentation)
